

Enhancement of physical and technological infrastructure & last-mile optimization: challenges to promote intermodality across the RHINE-ALPINE EUROPEAN CORRIDOR

Implementing physical and IT infrastructure in Port Ecosystem to promote automation and full digital exchange of documents, advanced sharing data, simplification of port operations and customs procedures, interoperability between intermodal transport operators.

These are some of the keys for the optimisation of rail and road flows between seaports and inland destinations, to increase the integrated and coordinated management of the last-mile infrastructure of the Rhine-Alpine Eu Corridor and to improve maritime accessibility of the TEN-T Network.

27 November 2023

Genoa - Palazzo San Giorgio,
Via della Mercanzia 2, 16124

10h00 - 11h00

Opening Session - RENEW4GE and E-Bridge CEF Projects progress and results

- Welcome address
Paolo Piacenza - Government Commissioner, Western Ligurian Sea Port Authority
- “Project introduction”
Julián Espina Casabonne-Maisonave . Project Manager
European Climate, Infrastructure and Environment Executive Agency (CINEA) -
- “The last step of a European project aiming to project a final overall upgrade of the Port of Genoa for a better sea accessibility and a larger rail connectivity”
Francesca Moglia & Emanuele Profice - Planning and Development Dept, Western Ligurian Sea Port Authority
- “Optimizing the management of rail flows between Port and Inland Areas: innovative technologies and federative services”
Luca Abatello - CEO & **Veronica Asta**, Optimisation Manager, Circle Group
- “Title to be defined”
Enrico Pujia (tbc) Italian Ministry for Infrastructure and Transport
Head of Department for Strategic Planning, Infrastructure System, Transport Network, Information And Statistic Systems

11h00 - 12h30

Roundtable “From last mile to TEN-T Corridors: an overview on European intermodal market”

- Olga Simeon**: European Commission, DG Competition – State Aid Transport Unit
Vincenzo Carpinelli: European Commission, DG Move – Single European Rail Area Unit
Ralf-Charley Schultze: UIRR - International Union for Road-Rail Combined Transport - President
Philipp Hansel: RFC Rhine - Alpine Corridor - Manager
Lars Deiterding: HaCon – Executive Director
Alessandro Panaro: SRM - Head of Maritime & Energy Dept.
Andrea Galluzzi: RFI – International Projects and Institutional Affairs - Rail Freight Corridor Manager
Guido Porta: Fuorimuro Servizi di Manovra - CEO

Moderator: **Alexio Picco**, Circle Group, Managing Director

12h30 - 13h00

Q&A, Conclusions & Wrap-up

13h00

End of Event and Light Lunch
